Great, thanks - and again, not looking for a lot of details, just the status

Hi Randy - I will respond first thing tomorrow morning (I get to work quite early so hopefully the message will be there when you get in).

Thank you,
Samantha

Samantha, I've already received the replies from BLM and Park Service. Do you expect to have the Service ones today? I know you are behind due to Jeff's travel.

I inadvertently omitted Rose Atoll from the list - please include that also. Thanks

Could you please provide me with the status of these management plans as soon as possible:

New England Canyons and Seamounts, Papahānaumōkakea Expansion Area,
Pacific Remote Islands Expansion Area

"Status" need not be in any detail; examples include - completed [date], issued for public comment [date]; still being developed - anticipated date of issuance for comment if known; in scoping stage; just begun; not yet started. If I've overlooked a stage, feel free to use whatever term is applicable; key point is that only the status is needed for this request, not details.

Thank you in advance.
